#### **JURISDICTION AND VENUE**

6. This Court has subject matter jurisdiction over this action pursuant to 28U.S.C. §§1331 and 1338(a) because the action arises under the patent laws of the United States, 35 U.S.C. §§1 et seq.

7. This Court has personal jurisdiction over Defendants by virtue of their systematic and continuous contacts with this jurisdiction, as well as because of the injury to AITB and the cause of action AITB has raised, as alleged herein.

8. Defendants are subject to this Court's specific and general personal jurisdiction pursuant to due process and/or the Delaware Long-Arm Statute, due to at least its substantial business in this forum, including: (i) at least a portion of the infringement alleged herein; and (ii) regularly doing or soliciting business, engaging in other persistent courses of conduct, and/or deriving substantial revenue from goods and services provided to individuals in this District.

9. Each defendant has conducted and does conduct business within this District, directly or through intermediaries, resellers, agents, or offer for sale, sell, and/or advertise

11. Specifically, as alleged in detail below, Defendants are alleged to infringe the Asserted Patents with respect to the same image capturing devices including, but not limited to, the Kindle Fire HD 8.9" Wi-Fi + 4G LTE.

13. Defendants are properly joined under 35 U.S.C. §299(a)(2). Questions of fact will arise that are common to both defendants, including for example, whether Defendants' products have features that meet the features of one or more claims of the Asserted Patents, and

what reasonable royalty will be adequate to compensate the owner of the Asserted Patents for its infringement.

14. Defendants use, make, sell, offer for sale and/or import portable computing devices that, when used, infringe on the Asserted Patents.

15. At least one right to relief is asserted against these parties jointly, severally, or in the alternative with respect to or arising out of the same transaction, occurrence, or series of transactions or occurrences relating to the making, using, importing into the United States, offering for sale, or selling of the same accused product and/or process.

#### ***The ‘600 Patent***

17. On March 13, 2012 the USPTO duly and legally issued the ‘600 Patent, entitled “Internet Direct Device” after a full and fair examination to inventors Frank Clemente and Ted Feaser. AITB is presently the owner by assignment of the ‘600 Patent, having received all rights, title, and interest in and to the ‘600 Patent.
